THE OCD FOUNDATION OF MICHIGAN

Join us for our

Fall Program

“Neuroscience and Cognitions in OCD”

Angela S. Fedewa, PhD and David R. Tucker, PsyD *

First, an explanation of the neuroscience of OCD in terms we can all understand. Then an overview of Exposure and Response Prevention (ERP) and how to address the cognitive distortions that are at the heart of OCD thoughts and fears.

WHERE: St. Joseph Mercy Hospital Ann Arbor
Ellen Thompson Women’s Health Center
Classroom #2
5320 Elliott Drive, Ypsilanti, MI
(in the Specialty Centers Area)

WHEN: Saturday, October 26, 2019 at 1:00 p.m.

RSVP: Call 734-466-3105 or e-mail OCDmich@aol.com

* Angela Fedewa and David Tucker are therapists with Counseling and Psychological Services (CAPS) at Wayne State University. David is a valued member of the OCDFM Board of Directors.
The Ellen Thompson Women’s Health Center is located off Elliott Drive in the Specialty Centers Area.
